Dear Larry:

We are writing a letter of support for receiving a Tiger Grant for the East Belgrade Interchange. We are in full support of the interchange and would like to see it built as soon as possible. There are several factors for our support of the East Belgrade Interchange including intermodal connectivity between the highway system and Montana's busiest and fastest growing airport, increased safety and security benefits from what would be the only railroad crossing that is not at grade and the improved movement of passengers, customers, freight and residents in and around the airport and the city of Belgrade.

Receiving a Tiger Grant would give the East Belgrade Interchange that final piece of crucial funding they need to make this interchange a reality. The intermodal connectivity is would be invaluable to Gallatin County, Gallatin Field and the City of Belgrade.

Thank you

Sincerely,

Brian Sprenger
Airport Director
