## FLOODPLAIN INFORMATION REQUEST FORM

Requester Name \_\_\_\_\_ Phone \_\_\_\_\_ Email \_\_\_\_\_

Mailing Address \_\_\_\_\_

Landowner Name \_\_\_\_\_ Phone \_\_\_\_\_

Address (if existing) / Road Name of Site \_\_\_\_\_ Geocode 06- \_\_\_\_\_

Subdivision/COS# \_\_\_\_\_ Lot/Tract/Parcel \_\_\_\_\_ Block \_\_\_\_\_

Legal Description \_\_\_\_\_ ¼ \_\_\_\_\_ ¼ Section \_\_\_\_\_ Township \_\_\_\_\_ Range \_\_\_\_\_

### PURPOSE OF INQUIRY

To gather information to obtain flood insurance

To determine whether existing structures/improvements on the property are in the floodplain

To determine whether I need a floodplain permit for a project I am planning. Please describe project on separate sheet of paper and attach it to this form.

To obtain an approximate Base Flood Elevation (BFE) for the subject site

Other (please describe):

\_\_\_\_\_  
\_\_\_\_\_

### ~ AGREEMENT ~

Pursuant to the Flood Disaster Protection Act of 1973 and the National Flood Insurance Reform Act of 1994, the purchase of flood insurance is mandatory for all federal or federally related financial assistance for the acquisition and/or construction of buildings in the Special Flood Hazard Area (zones A or AE) as shown on a Flood Insurance Rate Map (FIRM) published by the Federal Emergency Management Agency.

Federal law requires a flood zone determination be done as a condition of a federally backed grant or loan to determine if a structure is located in a Special Flood Hazard Area, and if so, to require flood insurance. Completion of this information form by Gallatin County is not to be considered a flood zone determination. It is up to a lender to determine whether flood insurance is required for a property. Flood insurance is available for purchase through the National Flood Insurance Program for all properties within Gallatin County's jurisdictional area. Completion of this information form by Gallatin County does not imply flooding and damage will be limited to that that described on a FIRM, or that a structure located outside of the Special Flood Hazard Area will be free from flooding or damage.

The undersigned hereby certifies that the information submitted in this application is true and correct and that if work is to be done on site that it will be done in compliance with the requirements of the Gallatin County Floodplain Regulations, including obtaining any applicable permits. For information on potentially applicable local, state, or federal permits please see <http://dnrc.mt.gov/Permits/StreamPermitting/Default.asp>

**FOR OFFICE USE ONLY**

**FIRM Date:** 09/02/2011    **Community #:** 300027    **FIRM Panel #:** \_\_\_\_\_    **FIRM Suffix:** \_\_\_\_\_

**Approximate BFE from FIRM** (*only if requested*) \_\_\_\_\_    **Vertical Datum of BFE** NAVD 88

**Based on the information shown on the FIRM:**

- |  |   |
|--|---|
| <input type="checkbox"/> The entire property is in Zone A or Zone AE       | <input type="checkbox"/> None of the property is in Zone A or Zone AE                               |
| <input type="checkbox"/> A portion of the property is in Zone A or Zone AE | <input type="checkbox"/> including the structures <input type="checkbox"/> excluding the structures |
| <input type="checkbox"/> A portion of the property is in the floodway*     | <input type="checkbox"/> including the structures <input type="checkbox"/> excluding the structures |

Additional information is required for us to determine where the structures are located on the property.

The property is in Zone A, but the County has a flood study that provides a Base Flood Elevation

As part of the subdivision review process that created the subject property, flood elevations were established and the 100-year floodplain was delineated on the plat.

A floodplain permit is required for the proposed project described above.

Other: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

\*Note: Montana Law prohibits new construction, alterations, and substantial improvements of any residential, commercial, or industrial structure within the floodway. Other activities that may be permissible in the floodway require a floodplain permit and no-rise certification by a licensed professional engineer.
