

Gallatin County Conservation and Parks

MEMO

FOR IMMEDIATE RELEASE

Gallatin County Regional Park will close for 3 weeks while under construction.

The Gallatin County Regional Park will be closed while under construction from Monday October 26, 2015 until November 13, 2015 so the county can work on portions of the Dog Park, Amphitheater and Beach.

The Dinosaur Playground and Picnic Area will remain open. All other areas are closed except for authorized persons or events.

The closures are for the safety of the public and the contractors finishing the work. We thank you for your cooperation and look forward to reopening soon with better facilities.
